

# From All Parts of Garrard.

## Sweeney.

Miss Jennie Morgan was quite sick last week.

There will be a meeting at Beazley's school house Sunday afternoon at 7 o'clock May 14th, for the purpose of organizing a Sunday School. All who will take an interest, are kindly invited to attend.

Mr. and Mrs. Joe Pettus, of Lebanon, visited relatives here this week. Mr. Lou Gray came down from Livingston Sunday, and accompanied his wife and little son, returned home Monday. Mrs. Martha Turner and Miss Nannie McCauley spent Monday with Mrs. J. F. Pettus, of Preachersville.

Many a fair young child, whose father has puzzled the mother, until she has suspected rightly her darling was troubled with worms, has regained the rosy hue of health with a few doses of WHITE'S CREAM VERMIFUGE. Price 25c. C. C. & J. E. Stormes.

## Wallacetown.

Born, to the wife of Albert Corbin, on the 11th, inst., a girl.

Miss Maggie Elliott, of Berea, was with home-folks here Saturday and Sunday and was accompanied by Miss Louise Yocum.

Mrs. Amanda Moore, who was called to the bedside of her mother, Mrs. E. J. Wallace, who died on the 25th, ult., returned to her home in Illinois last Friday.

During the past several days Boian Bros. have been putting in their new boiler and are now about ready to start their corn mill and planing mill again.

If you have piles cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you.

The very excellent rain Saturday and Sunday made some of our farmers actually feel that they were becoming more grateful; but the continued rain and the hail-storm of Monday made them feel about as ungrateful as usual.

On next Saturday at 3 o'clock, the Sunday school board of the Methodist Sunday school at this place will meet for the purpose of electing a Superintendent and other officers of the Sunday school for the next 12 months.

Mr. Addison Hendrickson, who has been attending school at Georgetown for several months, returned home last Friday and, although he admits that he feels somewhat tired, he was smiling at the girls on Sunday, as of yore, and looking as fresh as a May rose.

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Hazel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Stormes Drug Store, 1m.

Last Friday, Messrs Caldwell, Wilson and Kindred gathered together their fishing tackle and went over to a neighbor's pond, taking with them a spring-wagon in which to haul back their fish. On arriving at the pond they obtained the consent of Mr. to relieve his pond of some of its inhabitants and they were hauling them out at the rate of 2 or 3 per hour and feeling that on giving in and proving their report Wallacetown would have gained an enviable reputation, but just as their joy was almost complete, Mr. W. J. Hiatt, another Wallacetownian, put in his appearance, whereupon the owner of the pond at once ordered them to leave and never return. Mr. Hiatt is as good a man as we have in town, but the other three men say there was evidently something about his appearance that Mr. L. could not stand, and that if he had kept away they are confident their fondest hopes would have been realized and that Wallacetown would have greatly rejoiced at the result.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. THEY ARE GOOD PILLS. Stormes Drug Store, 1m.

Mr. Isaac Massee and wife, of Bohon, Mercer county, visited their uncle, W. D. Scott, Friday, and attended the sale Saturday. Mrs. Rebecca Holtz-claw, of Mercer, spent Friday night with her brother, J. H. Montgomery. Mrs. Lilla Woner and little son Joe Holman, are the guests of her mother, Mrs. J. B. Bourne. Mr. J. No. Jackson, of near Bryantville, called on his best girl Sunday. Mr. Landrum Burdett and wife spent last Sunday with Mr. Mat Folger and wife.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: I would not be without one Minute Cough Cure for my boy when troubled with a cough or cold. It is the best remedy for croup I ever used.

Mr. James Pollard has moved to a house on J. H. Montgomery's place.

Quite a large crowd attended the sale of Isaac Montgomery, dec'd., Saturday, and everything brought a very fair price.

Mr. Isaac Massee and wife, of Bohon, Mercer county, visited their uncle, W. D. Scott, Friday, and attended the sale Saturday. Mrs. Rebecca Holtz-claw, of Mercer, spent Friday night with her brother, J. H. Montgomery. Mrs. Lilla Woner and little son Joe Holman, are the guests of her mother, Mrs. J. B. Bourne. Mr. J. No. Jackson, of near Bryantville, called on his best girl Sunday. Mr. Landrum Burdett and wife spent last Sunday with Mr. Mat Folger and wife.

Constitution HERBINE affords a natural, healthful remedy, acting promptly. A few small doses will usually be found to so regulate the excretory functions that they are able to operate without any aid whatever. Price 50 cts. C. C. & J. E. Stormes.

# KENTUCKY CROP REPORT.

Condition of Crops and Live Stock May 1st, 1899.

Reports were received this month from 100 correspondents, representing 193 counties.

WHEAT.

It may be interesting to note the condition of winter wheat in the principal wheat growing States at this time, according to the Weekly Bulletins issued by the Climate and Crop Service for those States.

In the State of Ohio the crop is in much the same condition as in this State, early sown wheat on well drained land being promising, but there is a considerable portion of the acreage which is considered worthless. In Indiana wheat is badly damaged in northern part of the State, but quite promising in central and southern districts. Illinois, promising conditions prevail, as a rule, only in southern part of State, badly damaged in central and northern portions. In Michigan much of the wheat will be plowed up and planted to other crops. In Missouri the damage in the northern part of the State amounts to a practical failure, but in the other portions favorable weather conditions have repaired to a great extent the injury from winter killing. In Kansas the latest reports indicate from one-half to two-thirds of a crop. Winter wheat has also suffered in the States of Wisconsin, Iowa and Nebraska, but the damage there will be repaired by sowing to spring wheat.

In this State the condition May 1st, is 80, which is an improvement of 3 points since April 1st. The condition May 1st, as reported in former years, was as follows: 1898, 101; 1897, 95; 1896, 74. The seasonable weather the latter half of April has produced a rapid growth, but there is some complaint that the plant is not starting well, and that it will not be sufficient to cover the ground. The improvement is confined to early and medium late wheat, extreme late being generally reported worthless. Spots in fields where the snow was blown off still show the effects of the exposure, and it is highly probable that these spots will remain bare to the end. It is estimated that 7 per cent. of the acreage will be plowed up.

The western section continues to furnish the lowest average condition, 72. Only six counties out of 39 report a condition above 80, while in Livingston county the condition is reported as low as 40. Heavy washing rains have been as much a source of damage here as any other cause.

In the central section the prospect is much brighter. Early wheat is very promising, especially on tobacco lands and those to which fertilizers were applied at seeding time. The average condition for this section is 82. Thirteen of the 40 show an average condition above 90.

OATS.

Oats were sown very late, in fact, seeding was barely completed with the close of the month. Many farmers, in their eagerness, sowed while the ground was too wet for cultivation, resulting in poor germination and indifferent growth. Where sown with ground in good condition the crop is coming on nicely. The condition of the crop, compared with average years is 75. The acreage has been greatly affected by the late season, and is estimated at only 75 per cent. of the acreage of '98.

CORN.

Corn planting made considerable progress during the month, and while there yet remains much ground to be broken planting began as early as the middle of the month. The early planted came up quickly and is growing rapidly. No complaint is made of injury from cut worms or other insects.

The per cent. of the crop of '98 still in farmer's hands average 29.

TOBACCO.

Tobacco plants, though plentiful, will be late. Indications are that setting will not be general until 25th of May on account of plants being small. Indications are for an average acreage. The condition of plant beds, compared with average years, is 78.

CLOVER AND PASTURES.

Clover generally wintered well and has made wonderful growth since the advent of warm weather. Reports on clover sown this spring differ. In some counties resowing has been found necessary. Others report an excellent catch obtained from first sowing, and that it is getting a good start.

Pastures have made rapid growth, and considering the condition on April 1st, the present condition of 86 is quite satisfactory.

LIVE STOCK.

May 1st finds live stock in good condition after the long hard winter.

PROSPECTS.

Prospects for fruit have improved wonderfully during the month. Especially is this the case with peaches and cherries. The reverse is probably true of grapes, Apples, pears, cherries and plums have been in full bloom, with the weather conditions perfect for fruiting. Raspberries and blackberries will be a failure, the canes being killed to the roots. Strawberries are quite promising. Peaches will be practically a failure.

The prospects for various kinds of fruit, as compared with average years, are: For Apples, 91; pears, 89; peaches, 87; cherries, 88; grapes, 71; strawberries, 85. LUCAS MOORE, Commissioner of Agriculture.

A TIMELY HINT.

You should be wise and see that your blood is rich and pure and your whole system put in a perfectly healthy condition by the use of Dr. Carls' German Liver Powder. Then you will be free from malaria, typhoid fever, colds and the grip. Dr. Carls' German Liver Powder is the best medicine money can buy. For year Gold by Dr. Carls' Express. Price 50c and 50c a Bottle. For sale by R. E. McRoberts, Stormes Drug Store, 1m.

# RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of a terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes: "I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

Is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

# HEALTH AND VITALITY
